

Cruismate Plus - MainSail

The **Cruismate Plus Mainsail** is designed for the cruising sailor who wants a solidly built long lasting Dacron sail for their sailing needs.

The crosscut construction is ideal to take advantage of the premium Dacron fabrics that are available in a variety of weights, allowing us to build a properly weighted sail for your vessel.

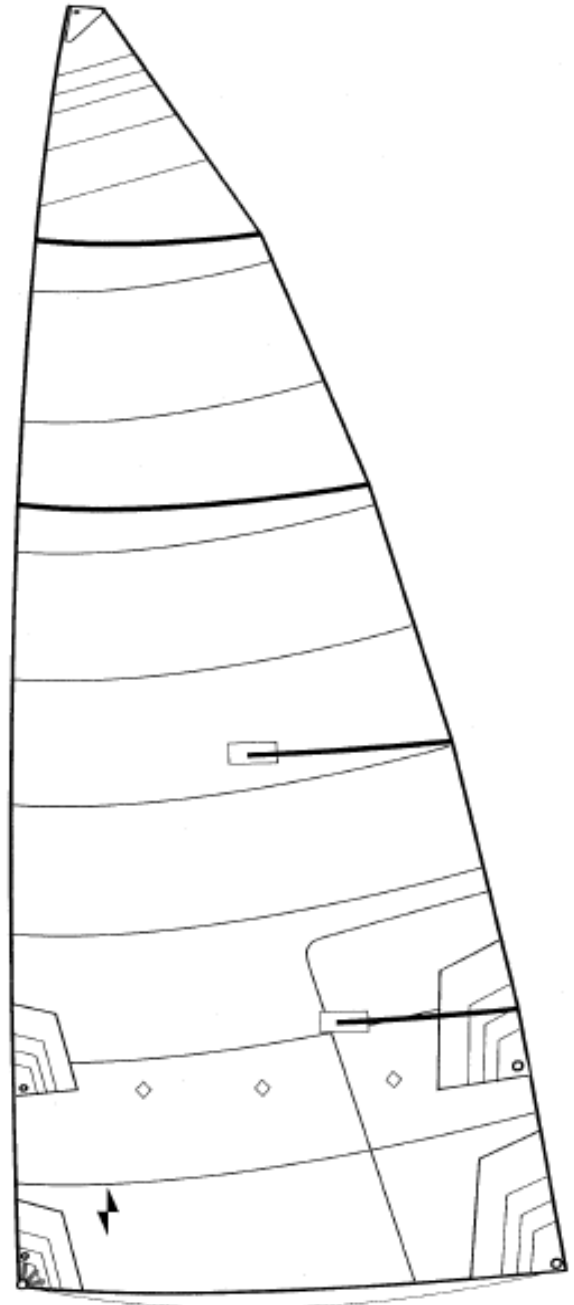

The **Cruismate Plus Mainsail** is custom designed for your boat. It utilizes the Banks catenary curve load predicting to orient the Dacron panels for the optimum shape and increased durability for your boat.
